Panel Discussion

Topic: What is next for digital forensics in China?

Panel members

- Mr. Raoul Chiesa
  Dr. Fred Cohen

  Prof. P.K. Chow
  Dr. Michael Kwan
  Prof. Pingxin Liu

What should we do in the future?

- Enhancing traditional forensics

- Cloud computing forensics

- Network of things forensics

- Mobile forensics

- Improving the law enforcement

- Developing enough talents

What is our features?

- Do we really have some distinguishing features of digital forensics here in China?

  – Huge number of pc/mobile/network users

  – Big population

  – Rapid development

  – High crime rate

  – ……

THANK YOU !
