Panel Discussion

Topic: What is next for digital forensics in China?
Panel members

• Mr. Raoul Chiesa
Dr. Fred Cohen
Prof. P.K. Chow
Dr. Michael Kwan
Prof. Pingxin Liu
What should we do in the future?

- Enhancing traditional forensics
- Cloud computing forensics
- Network of things forensics
- Mobile forensics
- Improving the law enforcement
- Developing enough talents
What is our features?

• Do we really have some distinguishing features of digital forensics here in China?
  – Huge number of pc/mobile/network users
  – Big population
  – Rapid development
  – High crime rate
  – ……
THANK YOU!
